

GIFT TREE BOX

You will need

2 SHEETS OF WHITE CARD

SCISSORS

GLUE

Step by step

1. Print the pieces on two white cards and cut them out.
2. Fold the pieces of the tree along the dotted lines and glue the two square bases, forming a cross.
3. Fold the star-shaped pieces along the dotted lines and glue them together along the white part, so you get a 3D star.
4. Fill the box with sweets or whatever else you want, and close it, placing the star at the tip.

These little details make all the difference!
